And God said, "Let the earth put forth vegetation, plants yielding seed, and fruit trees bearing fruit in which is their seed, each according to its kind, upon the earth." And it was so. The earth brought forth vegetation, plants yielding seed according to their own kind, and trees bearing fruit in which is their seed, each according to its kind. And God saw that it was good.

From the creation story in Genesis 1: 11, 12

History of the Biblical Garden at Paradise Valley United Methodist Church

How many of you knew PVUMC had a Biblical Garden or even where it is located? The current garden was constructed by the founding members in the 1960's and it is located between the two bridges at the west parking lot. Forty some odd years later it is calling us to restore and refresh the plantings that have died and the equipment that has failed.

Mission Statement

The Biblical Garden is a sacred place of healing and beauty that honors the presence and grace of our Lord Jesus Christ. All are welcome.

Plans for Biblical Garden

A waterfall, sculpture, benches and a Ramada will be featured among the many desert and biblical plants. A bridge will cross the wash to give access to the Chapel. Spaces for individual and group prayer and reflection will be created. Raised flower beds will be built for Family Planting Days so that all of us at PVUMC can participate in making our Biblical Garden one that we can rejoice in. It will be a place where Mother Nature and God meet and where we are in the midst of it all!

The inscribed bricks that are purchased will be used for the floor of the Ramada and in other sitting areas and places in the Garden as deemed appropriate.

Imagine...

...the transformation into a sacred place of healing and beauty.

Our water feature is not functional and has been drained. The electrical and irrigation components need to be replaced or repaired. The garden will be made handicapped accessible.
